

Electro fishing and kick sampling Event.

Dunglass Island near Maryburgh.

Saturday 2nd September 10am-12.

Meet over the bridge at Dunglass.

Come along and watch the Cromarty Firth Fishery Board staff demonstrate how they monitor their fish stocks by using electro fishing equipment. You will see juvenile salmon, trout, stickleback, eels and lamprey.

Observe kick sampling for invertebrates and maybe have a go !

With the aid of id charts, trays and magnifying glasses, identify invertebrates living in the river Conon.

An exciting and interesting event for all ages.

Sturdy foot wear/wellies and a waterproof advised.
